

## Personal Interests Form

Benetech creates technology solutions to serve humanity. Currently we work in the areas of literacy, human rights, the environment, and landmine detection. In the future we expect to address these as well as many new areas that provide solutions affecting people around the world.

If you would like more information on what we are currently doing to address human needs in the following areas, please print out and complete this form. Once we receive your completed form we will look forward to providing you with information in the way in which you prefer.

Please indicate the topics matching your personal interests. You may select as many as apply.

### Human Rights

- Overview of current work and future vision
- Human Rights in Colombia
- “Civil Society” in Africa and other developing nations
- Human Rights in China
